

ST PAUL'S REPORT AGM 2018

St Paul's is the sister church to St Mark's, located in the Chevry area of Gif-sur-Yvette. Alternating Evening Prayer and Holy Communion services are held there every Sunday at 5.30 pm. The congregation meets at the end of each service to share a cup of tea and something home-made and always delicious.

Sunday Club activities are also offered to children from the age of three on the second, third and fourth Sundays of the year. Sunday club is coordinated by Rosemary MacGillivray. The enthusiastic team use mainly Scripture Union materials during the sessions.

Our Harvest service was held later than usual this year, on 19 November 2017, and our singing of traditional harvest hymns was followed by a delightful pot luck meal. Many donations of non perishable goods were collected and taken to a local food bank.

We had our Carol service on 17 December, and once again the French Arabesque choir provided their very welcome additions to our musical fare. The children also led the congregation in singing O little town of Bethlehem. A great celebration with plenty of mulled wine and delicious Christmas food.

St. Paul's continues to be a blessing to all those who come through its doors.
